Dear Dr. Al-Hallak,

I acknowledge receipt of your email dated December 13, 2019.

As I set out in my email to you of December 12, 2019, I am leaving the country shortly. I will not be in a position to respond to your communications regarding the bylaws until the New Year.

I note that it would be inappropriate for me to comment or become involved in any matters that involve the inspection process because if an inspection leads to an investigation by the Complaints Department and a hearing before the Hearing Tribunal, the Council serves as the appellate body.

Yours truly,
