

Official Request

Edmonton, Ab

Dear Mr. Eberhart, The ACP Registrar

All my official request to meet you or anyone from the ACP counsel were ignored or rejected. I feel the ACP dealt with this inspection in a non-transparent and unethical way.

Therefore, please accept this letter as an official request to release all the details and circumstance related to this inspection. I wish to ask the ACP to disclose the information related to the circumstances that led to the consultation on proposed amendments to the ACP Bylaws on April 10th as it affects one of the restricted activities involved in this inspection

I wish to ask the ACP to communicate with Alberta Health and CPSA to identify the name of the public member who filed to complaints against me.

Sincerely

Kamal Alhallak
